# What is EURES?

A cooperation network between the European Commission, the European Labour Authority (ELA) the national public and other admitted employment services in all the EU countries, Iceland, Liechtenstein, Norway and Switzerland.

Since its launch in 1994, EURES facilitates the free movement of workers by providing information and employment support services to workers and employers, and by enhancing cooperation and information exchange between its member organisations.

## Pillars of service:

**The human network** of nearly 1000 EURES advisers working around Europe with employers and jobseekers as part of recruitment services provided by the public employment services.

**The EURES Job Mobility Portal** gathers job vacancies available through all the EURES members and partners. It delivers a free of charge self-service for jobseekers and employers who can register on the Portal to find a job or a new employee.

# Service to Icelandic employers in tourism:

## Recruitment services

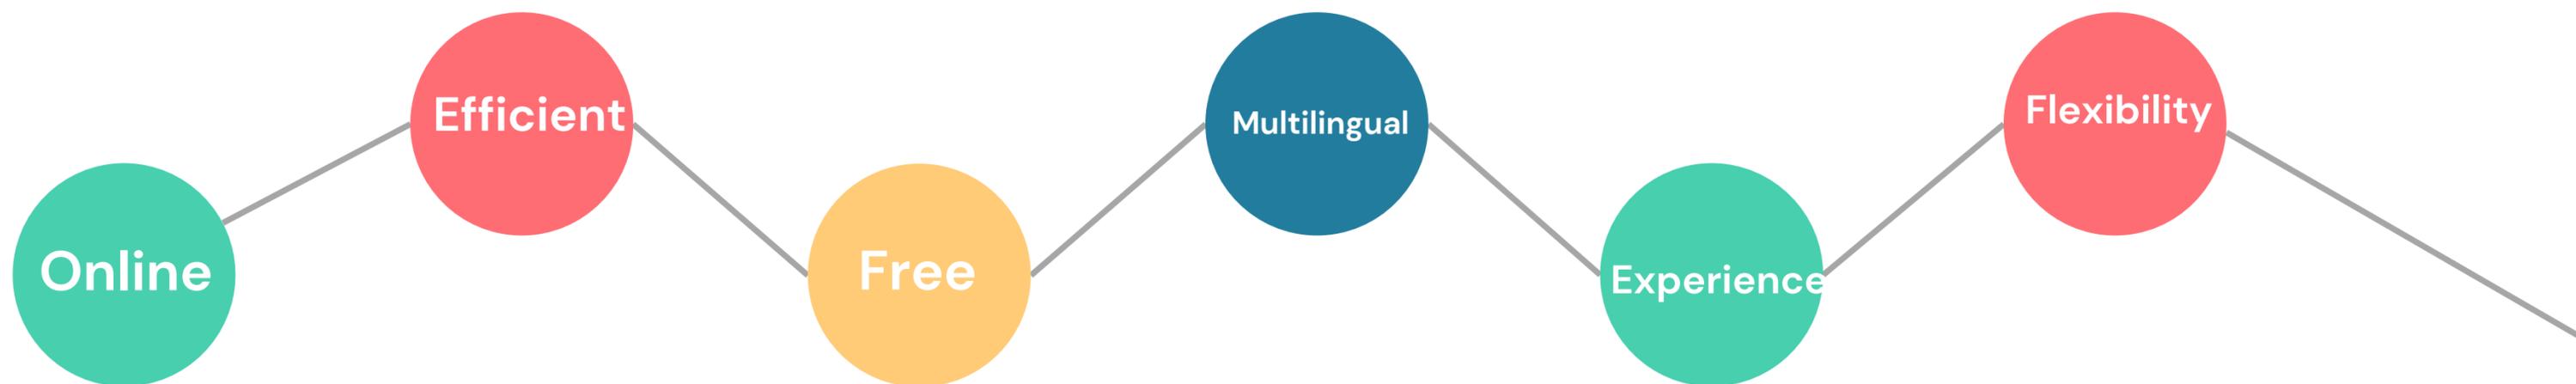

We offer a versatile service and can promote vacancies to different types of jobseekers.

## Need a translation?

We assist with translations of job vacancies to reach jobseekers who do not speak Icelandic.

## Problem solving

Flexibility is our secret weapon. We listen and adapt to the different needs of each employer.

## Self service

Employers register their vacancies with us and we provide an online platform to promote their vacancies.

## We know what to do

I need to prepare a work contract?  
 How do I organise a job interview?  
 I need information for a newcomer in Iceland?  
 I wish to recruit a refugee?
